

Buck

Live better longer.

ELDORADO PRESENTS AN EDUCATIONAL PRESENTATION:

ERIC M. VERDIN

PRESIDENT & CEO OF THE BUCK INSTITUTE

RESEARCH ON AGING

MONDAY, FEBRUARY 24 AT 4:00 PM

The Buck Institute, in Marin County, is globally recognized as the pioneer and leader in the field of research on aging, the number one risk factor for chronic disease. Buck scientists are working to create a world where people can have healthy minds and healthy bodies at every age. This is no longer science fiction; it's science fact. What would you do with an extra twenty years of healthy life? Join us to learn what the Buck and other leading research institutions are doing to make that happen.

This event is complimentary and donations will not be solicited. Reservations are required to ensure plenty of seating. Eldorado casual attire. Guests are welcome. Please reserve a seat with Member Services: **(760) 423-1512** or **reception@eldoradocc.org**
