Our hope is to catch the end of the wildflower season which has only appeared this year on the westside of the Coachella Valley. The drive to Mission Creek from Eldorado is approx. 45 minutes, one way. The hike is about 1 hour and a half, returning to Eldorado at approximately 11:00 a.m. The trail is mostly flat with a slight incline, and then we return to our vehicles.

The Trail is wide. You can take your dog (please ensure your dog is friendly around hikers and other dogs). However, dogs must be on-leash for the entire hike. Please clean up after your dog.

Transportation will not be provided by the Club however carpooling may be available among the attendees. Please note that one does need to drive on a maintained, but washboard dirt road.

One does not need all wheel or 4-wheel drive to drive on the dirt road.

No very low clearance vehicles. Please dress in layers, and bring water.
