

The team from iCreative is back to teach you the basics and answer your tech questions!

What's New with iPhone and iPad? **Monday, November 20th**

Every Fall, Apple releases new software for all of their devices, and with Fall 2023 comes iOS 17 for iPhone and iPad OS 17 for iPad. Let's explore all of the cool new features Apple has for us, and learn some useful Tips and Tricks along the way! All levels welcome, and tutorial videos will be provided after the class so that you don't have to take notes or worry about remembering everything!

Fun Photo Tips **Monday, November 27th**

In this two hour session we explore many of the concepts covered in our Photos Course: How to take photos using the Camera App on iPhone, How to edit images on the go, how to organize photos and other fun and useful tips to take advantage of all of the incredible things we can do with photos on an iPhone!

4:00 PM-6:00 PM
